

WELCOME to the 2010 ProExpo.

Our goal is to give players an opportunity to showcase their skills for professional basketball organizations across the globe.

In Canada, a player wishing to pursue competitive post-secondary basketball must go into full-time studies at a college/university, aka become a "Student/Athlete".

However, at some point a player no longer can be a "Student Athlete", most commonly because their years of eligibility are complete. There are many other reasons why players cannot be a "Student/Athlete", mostly because of financial or academic issues.

The ProExpo is the first-step in the plan to improve the career path and opportunities of players following their "Student/Athlete" careers.

BILL CROWDIS
PRESIDENT
LTD SPORTS INC.

FORMAT of the 2010 ProExpo.

The camp will consist of 6 teams (7-10 players/team). Each player has to sign-in at the main entrance during their team's designated sign-in time. All games will be 40 minutes stop time. There will be very little warm up time on the "Games" court, so the other court (Gym 2) will be available for open use (yielding to any testing or measuring that's taking place).

Teams will rotate between playing games, testing and measuring, and being on break. Testing/measuring will consist of height, weight, wingspan, reach, vertical, speed, agility and strength.

INTINERARY
